8 The grant selection process

8.1 Assessment of grant applications

We first review your application against the eligibility criteria.

If eligible, we will then assess your application against the assessment criteria (see Section 6) and against other applications. We consider your application on its merits, based on:

- how well it meets the criteria
- how it compares to other applications (including project proposal and the Nominated Candidate)
- whether it is in Australia's national interests
- whether it ensures an appropriate geographic distribution, and
- whether it ensures an appropriate mix of sectors
- whether it provides value with relevant money⁵.

When assessing the extent to which the application represents value with relevant money, we will have regard to:

- the overall objective/s to be achieved in providing the grant.
- the relative value of the grant sought.
- the extent to which the geographic location of the application matches identified priorities.
- the extent to which the evidence in the application demonstrates that it will contribute to meeting the outcomes/objectives.
- the extent to which the evidence in the application aligns to Australia's national interest
- how the grant activities will target groups or individuals and the size and quality of audience the activity will reach.

8.2 Who will assess applications?

An assessment committee will assess each application on its merit and compare it to other eligible applications before recommending/providing advice on which grant applications should be awarded a grant. The assessment committee will be made up of staff from the Centre.

We may ask external experts/advisors to inform the assessment process. Experts/advisors may include:

- the Centre's Advisory Board members (including relevant Education and Skills Committee members)
- industry professionals
- Australian High Commission staff – New Delhi
- Australian Consulate-General – Chennai, Bengaluru, Kolkata or Mumbai

⁵See glossary for an explanation of 'value with money'.

- DFAT policy line areas, including DFAT State or Territory Offices, or
- any other relevant Commonwealth agency.

Any expert/advisor, who is not a Commonwealth Official, will be required to perform their duties in accordance with the CGRPs. This will include the Australian High Commission in New Delhi and other Consulates where required, relevant Commonwealth Agencies and the Centre's Advisory Board.

The assessment committee may seek additional information about you or your application. They may do this from within the Commonwealth, even if the sources are not nominated by you as referees. The assessment committee may also consider information about you or your application that is available through the normal course of business.

The assessment committee recommends to the Program Delegate which applications to approve for a grant.

8.3 Who will approve grants?

The Program Delegate is the Chief Executive Officer of the Centre. The Program Delegate will decide which grants to approve considering the availability of grant funds for the purpose of the grant program. The Program Delegate may consult the Centre's Advisory Board, DFAT staff, other Commonwealth government and expert private sector assessors and consider the availability of grant funds for the purposes of the grant program.

The Program Delegate's decision is final in all matters, including:

- the approval of the grant
- the grant funding amount to be awarded and the eligible expenditure
- the terms and conditions of the grant.

There is no appeal mechanism for decisions to approve or not approve a grant.

9 Notification of application outcomes

We will advise you of the outcome of your application in writing. If you are successful, we will advise you of any specific conditions attached to the grant.

You can submit a new application for the same grant (or a similar grant) in any future grant opportunities under the program. You should include new or more information to address any weaknesses that may have prevented your previous application from being successful.

9.1 Feedback on your application

Due to the volume of applications, feedback will not be provided to unsuccessful applicants, nominated scholars or fellows.

10 Successful grant applications

10.1 The grant agreement

If your application for a grant is successful following final shortlisting, we will require you enter into a legally binding grant agreement with the Commonwealth. We use a grant agreement based on a DFAT template that has been specifically tailored to meet Centre requirements.

Each agreement has general terms and conditions that cannot be changed.

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed. If you choose to start your grant activities before you have an executed grant agreement, you do so at your own risk. You must not start any Maitri Scholarships and Fellowships Program activities until a grant agreement is executed.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

You will have eight weeks from the date of a written offer to execute this grant agreement with the Commonwealth ('execute' means both you and the Commonwealth have signed the agreement) and provide a correctly rendered invoice. During this time, we will work with you to finalise details. The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period. We base the approval of your grant on the information you provide in your application.

Following execution of the grant agreement, you will be required to enter into a third-party agreement with the Nominated Candidate and provide a copy of the executed agreement to the Centre.

10.2 Specific legislation, policies and industry standards

You must comply with all relevant laws and regulations in relation to your grant activity.

In the grant agreement, grantees must acknowledge that persons who undertake, or who have an arrangement to undertake certain activities on behalf of a foreign principal for the purpose of political or governmental influence are required to register under the Foreign Influence Transparency Scheme Act 2018. It is an offence to not register if you are required to do so, and penalties apply. Further information about the scheme is accessible at:

www.ag.gov.au/transparency.

Grantees should also take into account the Guidelines to Counter Foreign Interference in the Australian University Sector (see <https://www.dese.gov.au/guidelines-counter-foreign-interference-australian-university-sector/resources/guidelines-counter-foreign-interference-australian-university-sector>).

Where grant activities may involve research collaboration with foreign entities, some provisions relating to Australia's export controls regime may apply to you. It is your responsibility to consider any implications of the relevant legislation and ensure you have appropriate risk management controls in place. You should refer for example to www.legislation.gov.au/Details/F2019L00424 for the Defence and Strategic Goods List 2019 and www.defence.gov.au/ExportControls/Legislation.asp for further information.

Where appropriate, applicants must provide details of intellectual property (IP) arrangements in their full applications. This includes both the use of IP in the grant activity and the proposed ownership rights to IP generated by the grant activity as well as strategies for protecting Australia's interests. Where IP is likely to be generated by the grant activity, successful applicants are required to conclude protocols or contracts with their Indian and other collaborating partners on the management of IP issues. Grantees should approach IP negotiations in line with the principles outlined on www.business.gov.au.

10.3 How we pay the grant

The grant agreement will state the:

- maximum grant amount to be paid
- proportion of eligible expenditure covered by the grant (grant percentage)
- any financial contributions you must make
- any in-kind contributions you will make
- any financial contribution provided by a third party
- any other requirements.

We will not exceed the maximum grant amount under any circumstances. If you incur extra costs, you must meet them yourself.

We may pay up to 100 per cent of the grant on execution of the grant agreement, subject to timelines outlined in the grant agreement. You will be required to provide milestone reporting on how you spent the grant funds.

10.4 Grants payments and GST

Payments will be GST Exclusive.

A variation will be in the form of a Deed of Variation.

We may contact you up to one year after you finish your grant for more information to assist with this evaluation.
